

### **Single Mothers By Choice**

A Single Mother by Choice is a woman who has decided to become pregnant on her own, without the presence of a biological father in the child's life. Whether you are just thinking about it, trying to conceive, already pregnant or already a parent, this group is for those women in the Okanagan to be able to share and support one another.

If you are interested in joining this group or would like more information, please log on to:
